

BS 5 Lever Deadlocks & Sashlocks

BS3621:2007
compliant

The new Legge BS 5 lever lockcases offer exceptional levels of attack resistance making them an ideal choice for domestic and commercial applications.

BS 3621:2007
Licence KM06662

Helping to protect people where they work, live and visit

Simple Reversible Latch

A latch bolt that can be reversed, quickly and easily to alter the handing of the lock without having to open the case. No need for tools or lost screws, simply pull, turn and release to reverse the latch bolt saving time on installation.

Hardened steel deadbolt

A hardened steel deadbolt that still functions by key after a 10kN side load test.

The key to convenience

Each lock is supplied with 3 keys as standard.

Security features

Anti pick protection, steel case with anti drill plate and anti saw hardened steel deadbolt.

Pierced lockcase

Accept bolt through fixing of door handles.

Certification

- Tested to the security criteria to Grade 7 of EN 12209 offering improved security and resistance to side load
- CE marked - AG5127 (sashlock); AG5126 (deadlock)
- EN1634 accredited: 1 hour timber, 1 hour composite and 4 hour metallic door fire test.

N5641.PB

N5642.SS

Specification

- Kitemarked BS3621:2007
- Deadbolt throw $\geq 20\text{mm}$
- Anti-pick and anti-drill protection
