Outsole and protective toe cap stainless steel

Instructions for use:

General use safety footwear for smooth and oily industrial-type floors or loose ground, for indoor or outdoor use against intermediate risks equipped with a puncture-proof sole and a protective toe cap providing protection against shocks equivalent to 200 joules and against crushing risks under a maximum 1500 daN load. (S1P*: safety footwear with antistatic protection, energy absorbing heel and puncture-proof sole).

Limits to use:

The TIGER STEEL® guarantee can only be applied optimal-condition shoes, being used without adding up any accessories likely to generate a change in protection, or it cannot be applied when its use is not specified in the current instructions for use. Not to be used for protection against further hazards than defined above. This footwear contains no substances known to cause allergic reactions in people with allergic sensitivities.

Instructions for storage:

To be stored in its original packing in a dry place, sheltered from sun light.

Instructions for cleaning / maintenance:

After any use, leave unpacked shoes in a ventilated place away from any heat source. To remove clay and dust, use a non metallic brush. For stains, use a wet cloth with soap if necessary. To shoe polishing, use a standard product.

Performances :

Comply with the requirements of the European Directive 89/686, special for ergonomics, harmless, comfort, airing and flexibility and with the requirements of the European standards EN ISO 20344:2004 / A1:2007 and EN ISO 20345:2004 / A1:2007 S1P* SRC (Resistance to slipping on Ceramic and Steel floors, for all types of hard floors for multiple uses indoors or outdoors).
