Fibre Optic Cable Strippers

RS Stock number **877-3374, 877-3377, 877-3371, 877-3380**

Part Number	Handle Colour	Minimum	
		(Microns)	in
8773374	Yellow	175 µm	0.007
8773377	Yellow	203 µm	0.008
8773371	Yellow	254 µm	0.01
8773380	Yellow	305 µm	0.012

Fibre Optic Stripper Line

- For stripping 250 micron buffer coating from 125 micron optical fibre
- Precision diameter hole & V-opening in blade allow for accurate buffer coating removal
- Pivot pin, spring and precision handles enhance tool functionality and durability
- Factory set, requires no adjustment
- Prevents scratching or nicking of optical fibre
- All cutting surfaces are precision formed, hardened, tempered and ground assuring precise buffer removal
- Made in the U.S.A.
- Length: 5.375 in (136.53 mm)
- Weight: 2.5 oz. (71 g)

Fibre Optic, Electrical & Telecommunications

Durability, dependability and accuracy in application are the hallmark of the Miller brand. Miller offers a wide variety of specialty cable preparation tools for the Fibre Optic, Electrical, Electronics and Telecommunications industries. Manufactured to our unparalleled quality standards, and always innovative, these tools are designed with the professional in mind. Ease of application coupled with superior results has made Miller tools the top choice.
